Orientation: Setting people up to succeed

Orientation turns outsiders into insiders. It has the power to reduce turnover, improve immediate performance, enhance long-term performance, reduce organization disruption, and contribute to a collaborative working culture.

Offered in both workshop and presentation formats, this session will help you develop a successful orientation strategy to use in your workplace. . . . available exclusively from The WorkTrust™ Training & Speaker's Bureau.

Giving someone a complete orientation in one day makes as much sense as using a fire-hose to fill a water glass.
